COMMUNITY LEARNING
COURSE OUTLINE 2021/2022

Title of Course:	French for Beginners – Module 2
Name of Tutor:	Cheryl Canham

Who is the course suitable for? (e.g. Beginners/ Intermediate/ Suitable for all)

Beginners

Brief description of the course:

This course will equip you with basic conversation skills. You will learn to understand and use basic information about general travel e.g., understanding notices and announcements, requesting tickets, at a station, ferry terminal or an airport. You will also understand and use basic information about accommodation e.g., making bookings, providing basic requirements and prices.

Although the course is delivered online, it is very practical, and there will be plenty of practice and role-play in pairs or groups.

The assessments will also consist of role-play and simulations of simple everyday dialogues.

Previous experience required (if any)

Completion of French for Beginners Module 1 would be an advantage.

Will your learners be expected to provide any equipment/ are there any additional costs?

All resources which we will be using will be emailed to learners in advance of the session. Learners will probably find it helpful to print them out to be able to write notes on them, therefore printing costs will be a factor.

It would also be helpful to have a ring binder (or folder) to keep resources organised and in the right sequence.
