COMMUNITY LEARNING
COURSE OUTLINE 2022/2023

Title of Course:	Gardening for Beginners
Name of Tutor:	Christine Jones

Who is the course suitable for? (e.g. Beginners/ Intermediate/ Suitable for all)

Beginners

Previous experience required (if any)

No experience necessary

Brief description of the course:

This course is ideal for beginner gardeners wanting to know how to plan their gardening. You will learn a range of different gardening tasks and how/when they should be done. Each session will cover one topic.

You will find out tips on plants for year-round colour, growing veg, growing under cover, lawns and container growing as well as pests and diseases. This course prepares you for other courses that cover topics in more depth – eg. Growing Edible Crops and Organic Gardening.

Will your learners be expected to provide any equipment/ are there any additional costs?

- Pen, pencil, paper, eraser, and a notebook would be useful too.
