Background

The Housing (Wales) Act 2014 placed a legal responsibility on all local authorities carry out a homelessness review and to develop a four year homelessness strategy based on the outcome of that review.

Bridgend County Borough Council (BCBC) commissioned an independent review of how individuals and households facing homelessness are responded to. The review involved participants from a variety of stakeholders including statutory departments within BCBC, third sector agencies and individuals who had faced homelessness.

The strategy sets out how BCBC will act on the findings from the review. When the final publication of the strategy is agreed, an action plan will be developed.

The Homelessness Strategy was developed to:

- Outline an approach to achieve BCBC's vision of:

“To work collaboratively on a corporate basis with external partners, and service users, in a responsive, creative and timely manner to prevent and relieve homelessness throughout the county borough, ensuring people can access suitable accommodation, with the support required to meet their needs”

- Outline an approach to deal with the increased presentation of Homelessness at a time of financial constraint:

- Outline an approach to the forthcoming extensions to duties the Local Authority owe to some people who are found to have made themselves 'intentionally homeless' and the possibility of changes to the 'priority need' categories for homeless people. This could lead to an increased demand on already limited resources, in particular temporary accommodation.

The main aims and objectives of the strategy are detailed below:

- Improve collaboration between external organisations and the statutory functions within the Local Authority
- Improve working arrangements between the Local Authority and Registered Social Landlords (RSLs) to facilitate co-operation in line with Section 95 of the Housing (Wales) Act 2014.
- Improve how people who are homeless or threatened with homelessness access services
- Improve the accessibility and availability of support and accommodation options for all service users.
