

Learner Travel Review

Bridgend County Borough Council is currently facing unprecedented cuts to its budget. The council currently faces making required savings of £35.2 million over the period 2019-2023. The council takes pride in the services it provides to its citizens and wants to continue to do as much as possible to support families in a difficult financial climate.

These cuts however, mean that the council must review all of the services that it provides.

This consultation is to invite views on potential changes to the travel arrangements of school pupils and students attending further education colleges. It is important that the council understands how the proposed changes will affect you and your family.

Proposal 1

Withdrawal of transport for all learners benefiting from an available walking routes to school, in line with statutory distances of 2 miles for primary age pupils and 3 miles for secondary age pupils.

This would mean that from September 2020 the following would apply to the council's provision of free school transport:

- ▶ Pupils attending primary schools living **2 miles** or further from home to their nearest suitable school would receive free transport.
- ▶ Pupils attending secondary schools living **3 miles** or further from home to their nearest suitable school would receive free transport.
- ▶ Pupils attending religious schools in the county borough living **2 miles** or further for primary schools and **3 miles** or further for secondary schools would receive free transport, regardless of whether the school is their nearest suitable school.
- ▶ Pupils attending Welsh language schools in the county borough, living **2 miles** or further for primary schools and **3 miles** or further for secondary schools would receive free transport, regardless of whether the school is considered to be the nearest suitable school.
- ▶ The changes will apply to **all pupils** equally from 1 September 2020.

- ▶ Any previous protection offered to sibling groups benefitting from home-to-school transport at the former distances of 1.5 miles for primary pupils and 2 miles for secondary pupils, will cease from 1 September 2020.
- ▶ Any previous protection offered to pupils under the former distances of 1.5 miles for primary pupils and 2 miles for secondary pupils will cease.

Do you agree with proposal 1?

Yes No Not sure

Please let us know the reasons for your choice and what the council might reasonably do to help.

Proposal 2

Removal of escorts from all taxis and minibuses of less than 8 passengers.

The change would mean that pupils travelling in smaller vehicles provided by the council would no longer have an escort on board. The driver of the vehicle would act as driver/escort.

However, the local authority will consider the provision of an escort for any child with additional learning needs (ALN) following an assessment of their needs.

Proposal 3

Removal from the local authority's Home to School/College Transport Policy of specific examples of the special circumstances where the local authority will provide discretionary transport.

The council may on occasion provide home-to-school transport to pupils who are not currently eligible. The current policy gives specific examples of the circumstances where discretionary transport might be considered.

This proposal will mean that specific examples of the special circumstances where the local authority will provide discretionary transport provided to pupils, will be removed from the local authority's Home to School/College Transport Policy.
