Budget 2013/14 & Medium Term Financial Strategy

FOREWORD By Interim Section 151 Officer - Ness Young

The Council's Medium Term Financial Strategy (MTFS) sets out how the Council plans to use its resources over the next four years to support the achievement of its corporate priorities and statutory duties. The strategy reflects the UK economic and public expenditure outlook as well as expected increases in demand for services arising from demographic growth.

2013-14 is the last year of the current Spending Review period which has seen the revenue funding from Welsh Government cut by 9.2% in real terms since 2010-11. In that time we have also seen our capital funding cut by almost half in real terms as well as a fall in the income we receive from fees and charges, investments and reduced land values as a result of the weak economy.

Unfortunately, the outlook for public finances continues to be bleak and further cuts in public expenditure are set to continue over the next four years and beyond.

The Council estimates that delivering its corporate improvement priorities and meeting increases in demand for services within the resources available will require recurrent revenue savings of £24 million to be found over the period 2013-14 to 2016-17. The Council is committed to minimising the impact of reduced funding on the services which it provides to citizens and will therefore seek to find at least half of the £24 million from working together within the council and with partners to drive further savings from our physical, human, financial and technological resources.

A number of savings proposals are dependent on changing the way in which services are provided and collaboration and innovation are very much on the agenda. The need to develop partnership working and progress initiatives such as remodelling services, to ensure they offer good value for money and meet local community needs has never been greater.

Given the challenging economic outlook and the uncertainties that change brings it is important that the Council, local people, local businesses, enterprises and organisations, and the third sector work together and pool their resources to secure positive change and deliver improved services.

INTRODUCTION

Budget 2013/14 & Medium Term Financial Strategy 2014/15 to 2016/17

The Budget & Council Tax for 2013/14 was approved by Council on the 27 February 2013. The Medium Term Financial Strategy providing indicative budgets for 2014/15 to 2016/17 was included.

This budget book provides an overview of the Council's Revenue Budget for 2013/14 and outline proposals for 2014/15 and 2016/17. It also includes the Capital Programme for 2013/14 to 2022/23 and detailed revenue and capital budgets for Directorates for 2013/14.

About Bridgend

One of 22 unitary local authorities created in April 1996 following local government reorganisation in Wales, Bridgend County Borough Council provides all the main local government services for the people of the area. With its Bristol Channel coastline and mix of urban and rural communities, the county borough lies at the geographical heart of South Wales. The last official census identified the borough having a population of approximately 139,178, an increase of 8.2% since the previous census of 2001.

Its land area of 28,500 hectares stretches 20km from east to west and occupies the Llynfi, Garw and Ogmore valleys. The largest towns are Bridgend, Maesteg and the seaside resort of Porthcawl.

Budget 2013/14 – An Overview

The Council has approved a final net budget of £255.868M for 2013/14, and an overall average band D council tax increase of 3.91%.

Reports on the draft revenue budget proposals outlining budget pressures and budget reductions and the impact for BCBC were presented to Cabinet on 11th December 2012 and the final budget was approved by Council on the 27 February 2013.

The Final Local Government Settlement for 2013/14 was announced on 11th December 2012. The funding in Bridgend for 2013/14 (after allowing for transfers of specific grants into and out of the settlement) has increased by 1.3%. Although, this is slightly above the Wales average increase of 1.2%, in real terms, based on the December consumer price index (CPI) of 2.7%, this equates to a real terms cut of 1.4%. The indicative funding levels for 2014/15 include an increase of 0.6% for Bridgend. However, as the next UK Government 'Comprehensive Spending Review' (CSR) is not expected until summer 2013, the Welsh Government has not given any indication of funding allocations for 2015/16 to 2016/17.

Development of the Capital Programme has followed the Medium Term Financial Strategy (MTFS) principles and involved a review of the current programme in light of the Settlement (general capital funding for 2013/14 of £6.354M) as well as historical annual allocations to certain service areas e.g. Disabled Facilities Grant and Special Regeneration Funding. For now it is assumed that this level of funding will remain constant for years after 2014/15 but this will be reviewed once the outcome and impact of the CSR 2013 is known.

The table below details some of the priority areas where the authority has allocated additional funding to meet budget pressures:-

Link to Corporate Improvement Priority	Resources Allocated
Raising aspirations and driving up educational achievement	 £1.678m additional budget allocation to meet Welsh Government Protection requirement for schools. £200k to meet the demand within mainstream schools for pupils with behavioural problems.
Helping the vulnerable & older people to stay independent	 £415k - additional pressures within the service as a result of rising number of older people requiring Adult Social Care. £550k to meet the upward trend of 'direct payments' for service users who prefer to exercise their own choice and purchase their own care arrangements. £253K to meet the impact of the £50 cap resulting from Fairer Charging Cap legislative changes.
Other Business As Usual (OBAU)	 £1.1m towards caring for Looked After Children. £250k to meet increase in demand for special school places in the borough. £130k towards potential revenue costs relating to the demolition of the former Blaenllynfi Infants school following the opening of Caerau Primary School. £100k programme of improvements in relation to street Scene, including traffic signs and replacement of street lighting columns using LED lights.

The following table provides a summary of the allocation of the overall budgeted net expenditure of £255.868m for 2013/14:

⁽¹⁾ The revised budget 2012/13 is inclusive of a number of specific grants which have been transferred into the 2013/14 final settlement.

⁽²⁾ Price inflation has been allocated to service budgets and includes provision for energy costs based on forward contract prices, business rates, food costs and other major contractual commitments. A provision has been retained centrally within corporate budgets which will be reviewed pending the outcome of pay negotiations and any unforeseen demand led contract price inflation.

The table below shows how the 2013/14 budget allocations contribute to corporate improvement priorities and support core business (business as usual).

MTFS 2014/15 Onwards

This section provides information on the proposed Medium Term Financial Strategy (MTFS) for the Council for the next four financial years. The purpose of the MTFS is to articulate how the Council plans to use its resources to support the achievement of its corporate priorities and statutory duties, including the management of financial pressures and risks over the next four years. Future settlement figures for 2014-15 and beyond are not known at this stage .Therefore, assumptions have to be made based on an understanding of what may happen. This means that council tax levels going forward cannot be planned with certainty. Recognising this uncertainty, the MTFS has been developed taking into account possible resource envelope scenarios (worst, best and most likely) based on a relatively wide range for possible settlements and council tax levels in future years.

The MTFS is predicated on the Most Likely Scenario of a budget gap of £24m, which includes a recommended council tax increase of 3.5% for 2013-14. The table below shows the savings requirement to fund the budget gap for the period 2014-15 to 2016-17 after applying varying increases in council tax, which range from 0% to 5%.

Savings Requirement based on Council Tax Increase Scenarios

Council Tax Increase Scenarios	2013/14 Savings Requirement	2014/15 Savings Requirement	2015/16 Savings Requirement	2016/17 Savings Requirement	Total Savings Requirement

⁺⁺Further details can be obtained from the Council Report of the 27 February 2013 which provides additional information on managing within the MTFS resources envelope.

Capital Programme Summary (Asset Mgmt)

Local Authority Asset Management

The long term assets (excluding Long Term Debtors) owned by the Authority on the 31st March 2012 was £516.119m

	Other land & buildings	Vehicles, plant, furniture & equipment	Infrastructure Assets	Community Assets	Investment Property	Surplus Assets not held for sale	Assets Under Construction	Heritage Assets
£'000	385,198	4,049	87,786	3,285	3,374	14,088	18,288	51

Effective asset management plays a major role in delivering better outcomes for residents & in generating efficiency gains. Continuing capital expenditure is necessary not only to ensure that existing assets are maintained such as spending on roads, but to promote redevelopment and the major renovation of buildings.

These assets will provide long term benefits to the community; such as schools, and the expenditure is largely financed by borrowing and capital grants. The capital budget for 2013/14 has been set at £39.183m.

A revaluation of all of the authority's assets was undertaken during 2009/10. In year valuations are also undertaken to ensure that any changes to assets values as a result of impairment loss or enhancement (additional expenditure which adds value to the asset) is reflected in the asset values carried.

FOREWORD

The Children's Directorate brings together nearly all of the services provided by the Council for children and young people. This includes education, safeguarding, family support, early years, the youth offending service and support for partnerships and multi-agency working. Our services, with schools, have a key role in helping the Council contribute to social, economic and environmental well-being not just in Bridgend but, to some extent, nationally and globally too.

We have high aspirations for all our children and young people. Our vision is that they should all:

- thrive and make the best of their talents
- live healthy and safe lives
- be confident and caring individuals
- know and receive their rights

Through our wide range of services and settings, we seek to keep children and young people safe; encourage healthy lifestyles and promote the development of the knowledge, skills and understanding of every child and young person within the county borough. We want our young people to succeed, whatever their circumstances, and we recognize that this is most likely to happen where they – and their parents and carers - are actively engaged in ensuring this happens.

In planning for and delivering our services, we strive for excellence and a fully inclusive approach which recognises that resources need to be targeted at early action and support and meeting the needs of the most disadvantaged and vulnerable children and young people.

Including schools, the Directorate accounts for 49% of the Council's net budget and employs a significant number of staff, including over 1,234 teachers and around 1,024 school support staff.

FOREWORD: Children (Cont)

MAIN CHALLENGES FACING THE DIRECTORATE IN 2013/2014

Some of the main challenges in 2013/2014 for schools and the services within the Directorate are:

- making our vision for 'joined up' services and provision a reality;
- working in partnership with the Central South Joint Education Service, supporting schools in raising pupil attainment, improving literacy and numeracy and reducing the impact of poverty;
- improving access and inclusion to deliver better outcomes for children and young people;
- progressing our school modernisation programme;
- further developing our commissioning strategy and models of multi-agency working, including the more active involvement of children and young people;

- implementing our key strategies and plans for children with disabilities; basic skills; educational inclusion and family support;
- narrowing the gap between our most and least effective services and delivering good value for money;
- developing more collaborative arrangements, both within Bridgend and with local authorities.

... and achieving all this in a context of diminishing resources and significant uncertainty about future requirements and new legislation.

DIRECTORATE BUDGETS Wellbeing

Divisional Heads:	Interim Corporate	
Head of Adult Social Care, Sue Cooper	Director - Wellbeing -	Wellbeing Directorate
Head of Healthy Living, - vacant	Simon Brindle	

FOREWORD

We promote independence, wellbeing and choice to support Individuals in achieving their full potential in healthier and vibrant communities. This is central to the Community Strategy themes "Healthy Living" and "Strong Communities" and also links to "Proud Past" and "Green Spaces".

We are responsible for the planning, commissioning, assessment and, where appropriate, the direct provision of adult social care, leisure, libraries, adult community learning and arts and cultural services.

Our vision for the future is a range of services which promote independence and wellbeing, are designed around the needs of individuals and communities and are local, accessible and flexible. We will work with a range of partners including the ABMU Health Board, voluntary and third sector organisations as well as other providers including the independent sector to make sure these services meet the demand of our customers and service users.

The directorate is developing an integrated approach to the delivery of health and social care services in Bridgend. We have now established a number of integrated posts and these are driving forward the integration agenda.

The Remodelling of Adult Social Care continues to make progress and is modernising our services so that they are fit for the 21st Century, with the focus on supporting independence and more individual choice. We want to help people live within their own homes and control their own lives, for as long as possible.

We are also re-shaping healthy living services to give children and adults every chance to take part in activities regardless of their skills and abilities while also promoting successful sport. We will particularly aim to enhance healthy living services within the preventative health agenda through a new model of commissioning service delivery. We will continue to review and implement better library services in line with the medium term financial strategy.

FOREWORD: Wellbeing Directorate (Cont)

The key Improvement Objectives for 2013/14 are:

To implement effective integrated health and social care services to support independence, health and wellbeing

- Integrate health and social care for older people and physically disabled people
- Continue to develop the residential reablement model and service at Bryn y Cae home for older people
- Increase services for people with dementia at Glan yr Afon
- Continue to improve transition for young people into adulthood

To improve physical and emotional wellbeing by promoting and supporting active lifestyles, participation and learning

 Work with partners to encourage adults and children to be more active more often throughout life

- Continue to implement revised library provision across the county borough
- Implement a targeted programme of health and wellbeing improvements

The work to achieve our vision and specific improvement objectives has to be progressed alongside the need to achieve significant efficiency savings in the period 2013/14 to 2016/17 and to meet additional demands on services because of population changes (e.g. the increasing numbers of older people and of those with disabilities is a key issue for the Council). This is a very challenging agenda and will involve significant change in order to ensure that services are fit for the future and sustainable.

Head of Regeneration and Development - Satwant Pryce		

FOREWORD Our Mission Statement:

"To take a balanced approach to improving the wellbeing of communities through social, physical, cultural and economic improvements, in order to achieve a safe, pleasant & sustainable environment for residents of and visitors to Bridgend County Borough."

The Communities Directorate brings together a wide range of services that are committed to renewing the physical, social and environmental fabric of the County Borough that is sustainable and enhances its overall economic well being.

Key to the realisation of our Mission Statement is the regeneration of Bridgend and Maesteg town centres and improvements in our transport and communication network.

We want to ensure access to employment opportunities through effective public transport, well maintained roads and alternative safe modes of transport. Our commitment to paving the way to re-establish Porthcawl as a premier seaside resort continues and we will not forget our heritage within these improvements nor the importance of tourism to local communities.

Underpinning the improvements to the economic opportunities for the people of Bridgend County Borough, will be our drive to be a Cleaner Safer Greener Bridgend. We will continue to promote recycling and sustainable development, tackle environmental crime, as well as work with our partners to reduce crime and anti-social behaviour.

FOREWORD: Communities Directorate (Cont)

Main Challenges facing the Directorate in 2013/14

The 2013/14 budget has been prepared against a background of significant cuts in funding for public services, with the Directorate facing a cash reduction of 2.2% over the previous year's budget. Achieving this level of savings has been a challenging undertaking, with all efforts being made to protect front line services.

The Directorate will be expected to meet some significant challenges in 2013/14 including:-

 Delivering the second phase of a programmed highway improvements plan totalling around £3m funded by the Welsh Government's 'Local Government Borrowing Initiative' and the Council.

- Managing the reduction in income for services such as car parking and planning applications resulting from the economic downturn.
- Continuing to work towards meeting the WG target of recycling 70% of all municipal waste by 2024/25.
- Continue to implement a very successful events programme to attract people to our Town Centres to support their future vitality and viability.

Assistant Chief Executive Legal & Regulatory Services - Andrew Jolley	Head of Human Resources & Organisational Development - Sarah Kingsbury

FOREWORD

A characteristic of high performing authorities is a strong corporate centre which promotes good governance and supports service delivery. There are four main corporate functions which are the responsibility of two Assistant Chief Executive Officers and Heads of Service.

Finance & Performance

The service provides strategic and operational support service to a variety of internal customers ranging from elected Members and Directors to officers responsible for service delivery. Front line services are also provided to housing benefits, council tax, business rates and adult social care financial assessments.

The main challenges for the service over the next three years are:

- To support the Local Services Board in delivering the Single Integrated Partnerships Plan;
- To develop the Council's Corporate Improvement Plan;
- Improving performance across the organisation;
- To provide robust financial monitoring and support systems;
- To monitor and assist services in delivering the Council's Medium Term Financial Strategy 2013-14 to 2016-17;
- To manage the impact of Welfare Reform;
- To drive and support the Strategic Change Management Programme;
- To Improve performance and value for money across the organisation;
- To ensure compliance with all statutory directorate functions;
- To deliver the priorities identified in the directorate business plan.

Human Resources and Organisational Development

The service provides professional advice and guidance to all Directorates on human resource and organisational development issues together with transactional services. The service also includes: Health & Safety and Occupational Health; Communications; ; Marketing and Engagement [inc Equalities]

FOREWORD: (Cont)

The main challenges include:

- Implementing Job Evaluation / new Pay and Grading Structure and dealing with the residual issues of Appeals;
- Implement a Workforce Plan;
- Supporting Directorates through a time of significant change;
- Implementing and monitoring the Council's Strategic Equality Plan;
- Delivering the priorities identified in the directorate business plan.

Technology, Property and Customer Services

Technology, Property and Customer Services brings together central support services for ICT, Customer Services, Programme and Projects, Lean Systems Thinking, Procurement, Built Environment and Property Services. These services have a key role in helping the Council to improve the way it works to ensure effective and efficient use of our financial, technological, physical and human assets.

The main challenges include:

- Delivering the ICT Strategy;
- Implementing the Asset Management Plan;
- Realising Capital Receipts;
- Delivering the Customer Charter;
- Supporting Directorates through a time of significant change;
- Delivering the priorities identified in the directorate business plan.

Legal and Regulatory Services

Legal & Regulatory provides central support services to the Authority and frontline services to the public. The coming year will present significant challenges for the department particularly with changes required by new legislation and the need to provide new models of provision to deliver high quality services with decreasing resources. However, the department is well placed to meet these demands with its established performance management culture and external accreditation.

The main challenges include:

- To maintain and improve service delivery and probity within the Authority;
- To build upon innovative service delivery models;
- To provide significant efficiency savings.

ABMU Health Board- Abertawe Bro Morgannwg University Health Board

BCBC –Bridgend County Borough Council

Borrowing:

Supported – This is the amount of borrowing that is supported either fully or in part by the Welsh Government.

Unsupported- That which is to be met entirely by the Council Tax payer.

Budget

This is the statement defining the Council's financial plans over a specified period of time, usually a year.

Capital Expenditure

The definition for capital purposes is set out in section 16 of the 2003 Local Government Act, which states that expenditure must be capitalised in accordance with proper practices. Expenditure that can be capitalised will include:

- 1. The acquisition, reclamation, enhancement or the laying of land;
- 2. The acquisition, construction, preparation, enhancement or replacement of roads, buildings and other structures;
- 3. The acquisition, installation or replacement of moveable plant or immovable plant, machinery and vehicles;

- 4. The acquisition of share capital or loan capital in any body corporate
- 5. Works intended to increase substantially the thermal insulation of a building
- 6. Acquisition or preparation of a computer programme.

Capital Financing

The revenue cost of financing capital expenditure. It includes principal & interest payment on external long-term borrowing, debt management expenses, leasing payments and capital charges. Capital charges are made up of depreciation (based on the useful life of the asset) and an interest charge based on the valuation of the asset.

Capital Grants:

Specific- A grant that is received either from Central Government or other external organisations for example, the Welsh Government, to finance expenditure on a specific capital scheme.

General - Grant received from the Welsh Government to spend on capital scheme(s) that the authority deems appropriate/necessary.

Capital Receipts

This is the income from the sale of capital assets. It can be used to finance new capital schemes, but cannot be used to finance revenue expenditure.

Community Councils are the most local official representative bodies in Wales, of which members are chosen every four years to represent the entire community council area.

Corporate Improvement Priority

These are the improvement objectives set by the Council and included in the Corporate Plan.

Corporate Plan

The Corporate Plan gives strategic direction to the work of the Authority to achieve its vision and sets out the Council's key improvement objectives for the forthcoming years. It reflects the on-going commitment to work in partnership with others to deliver services to our communities. It also outlines how our priorities will be taken forward.

Council Tax

This is the source of local taxation to the authority. Council tax is levied on households within its area by the billing authority, and includes council tax for Police authorities and Community Councils as well as the authority's own Council tax levy. The proceeds are used for distribution to precepting authorities, and for use by its own general fund.

CYP - Children & Young Persons

Estimates

These are the amounts, which are expected to be spent or received as income, during an accounting period.

Income

All income generated by a service from external sources together with internal recharges.

Impairment loss

A loss arising from an event that significantly reduced an asset's value. Examples are physical damage, such as a major fire, or a significant decline in the asset's market value during the year.

LAC - Looked After Children

Net Expenditure

Gross expenditure less specific service income.

National Non Domestic Rate (NNDR)

A means by which local businesses contribute to the cost of local authority services. NNDR is collected by billing authorities on behalf of WG and is then redistributed among all local authorities and police authorities on the basis of Standard Spending Assessment and population. They are also known as 'Business Rates'.

Precept

A levy made by precepting authorities on billing authorities, requiring the latter to collect income from council tax payers on their behalf.

Prudential Code Borrowing

Borrowing over and above that supported by the Welsh Assembly Government which the authority determines that it can afford to repay either from savings generated from the investment or from Council Tax.

EU

European Union Funding Programme

Revenue Support Grant (RSG)

General grant paid by the Welsh Government to local authorities.

Reserves

These are sums set aside to meet future expenditure. They may be earmarked to fund specific expenditure or be held as general reserves to fund non specific future expenditure.

S106

A Section 106 Agreement is a legal agreement between the Planning Authority and the applicant/developer and any others that may have an interest in the land.

Slippage

A change in the timing of expenditure on capital schemes, which results in capital payments falling in different financial years, usually later than originally planned.

WG - Welsh Government
