

N.B. Measuring: All plans must be drawn to an identifiable scale and show boundaries. Check that you have shown the correct boundary - it takes time and money to alter a permission. The measurement of gross floorspace includes: perimeter, wall thickness and projections; areas occupied by internal walls and partitions; columns, piers, chimney-breasts, stairwells and the like; lift rooms, plant rooms, tank rooms, fuel stores whether or not above the main roof level; and open sided covered areas and enclosed car parking areas. Applications not accompanied by the correct fee cannot be processed and will remain unprocessed until the correct fee is submitted.

Fees for Household Improvements/Extensions
